# Math Grades 3-5 Test Administrator Manual

## PGCPS Benchmark 2

### Test Description

The Math Benchmark #2 consists of a mix of selected response and constructed response items, administered over one test session.

Test	Number of Items	Time
Grade 03 Math	12	45 minutes
Grade 04 Math	14	45 minutes
Grade 05 Math	14	45 minutes
Accelerated Math 1	20	60-75 Minutes

The Math Benchmark 2 - Grades 3, 4 and 5 will have 12-14 items and will take 45 minutes. The Accelerated Math 1 test includes 20 items. This is an increase from Benchmark 1, and therefore will require additional testing time added for students to complete the assessment. In order to test all the standards taught during quarter 2 instruction, additional items were added to assess a student's level of proficiency. The Benchmark 2 Accelerated Math 1 test will be completed in one test session. The Mathematics Benchmark 2 Accelerated Math 1 assessment session should be scheduled for up to 75 minutes, which includes reading directions.

Students with an accommodation or extended time may take more time than one class session as needed and should be scheduled accordingly.

### Testing Readiness

Prior to testing, the Test Administrator should confirm TestNav is downloaded and students have access on their devices. System requirement information can be found on the PGCPS-Pearson technology support page at <https://pgcps.mdassessments.com/technology-setup/>.

Prior to testing, students can view tutorials and take practice tests to familiarize them with TestNav tools and functionality. These can be found on the Test Preparation tab on the PGCPS-Pearson support page at <https://pgcps.mdassessments.com/practice-tests/>.

### Technology Troubleshooting

Due to virtual learning, it is critical that the Test Administrator and students discuss testing protocols prior to testing. Test Administrators should provide a clear way for a student to communicate with the Test Administrator, if technology issues arise during the test administration. Best practices have included the Test Administrator leaving the Google Classroom/Meet, Zoom or Hapara open, and providing an email address, or a phone number. Test Administrators should document any technology issues and report them to the School Test Coordinator.

### Testing Cautions: *Coaching Prohibited*

Make sure that all students understand the directions for taking the test. The Test Administrator or the proctors **may** assist the students with the mechanics of test taking, such as helping students find the correct place in the online test or how to use accessibility features online. **However**, no one should provide assistance that will inadvertently or otherwise indicate an answer; this is a test, not a learning activity. Do not indicate the correct response to any question with the exception of sample questions, if applicable.

### Testing Accommodations

Testing accommodations for Special Education students, English Language Learner (ELL) students, and students with disabilities covered under Section 504 must be approved and documented according to the procedures and requirements outlined in *The Maryland Assessment Accessibility & Accommodations Policy Manual (July-2017)*. No accommodations may be made for students merely because they are members of an instructional group. Any accommodation must be based on individual needs and not on a category of disability area, level of instruction, environment, or other group characteristics. Accommodations that are available will be loaded to the Pearson platform from those entered in

MDIEP. Please refer to this link for additional resources - <https://tinyurl.com/y6pcmbvt>.

### **Testing Environment**

When in a school, provide a testing location that has comfortable seating, sufficient workspace, and good lighting. Make sure there is sufficient room for the Test Administrator to walk around desks while observing students. The room should be adequately ventilated and free from distracting noises. Post a “Testing: Do Not Disturb” sign on the door to prevent interruptions.

When testing virtually it is important to reduce distractions as much as possible for the student.

**Prohibited Aids** (Please instruct students to put away all items listed below prior to the test administration)

- All instructional material that provide definitions or examples of concepts and terms
- Standard published English language dictionaries and thesauruses
- A completed graph or a completed model of a graph with labels or annotations indicating required components
- Calculators, unless embedded with a question online

### **Monitoring Student Status**

Test Administrators and proctors can monitor student progress and status within the Session Detail page.

A student’s test status can be one of the following:

- **Ready** - student has not yet logged into the assessment.
- **Active** - student is currently logged in and actively testing.
- **Exited** - student has signed out of TestNav. The student test will need to be resumed within Pearson Access before the student can continue testing.
- **Requires Hand Scoring** - student has completed the test and the Teacher has to complete the hand scoring process.
- **Report Pending** - scoring is complete and student reports are being processed.
- **Report Ready** - all reports are available to view and download.

The status of each student’s test can be viewed at the bottom/right of the Session Detail page under Student List.

Student Name	Grade	SSID	Progress	Status
<input type="checkbox"/> grade4math_Base	4	9845434	Grade 4 Mathematics 3/12	Active
<input type="checkbox"/> grade4math_Recorded	4	98454136	Grade 4 Mathematics 12/12	Requires Hand Scoring
<input type="checkbox"/> grade4math_Spanish	4	78964654	Grade 4 Mathematics 7/12	Active
<input type="checkbox"/> grade4math_TTS	4	35465436	0/12	Ready

### **Virtual Monitoring**

The Test Administrator may request students leave Google Classroom/Meet, Zoom or Hapara when they take the assessment. The Test Administrator should remain available for student questions or technical issues. A method of communication such as email, Google Voice, etc. or another form of communication must be provided for students by the Test Administrator.

### **Scoring Constructed Response Items**

Once the student has completed the assessment and submitted their test, any constructed response items, will need to be teacher hand scored. The student status on the Session Detail screen will move to Requires Hand Scoring. Pearson will score the selected response items, but Teachers will need to score the students’ written responses within the Pearson Access platform using the embedded scoring rubrics found on this platform. Hand scoring must be completed within one week of the end of the test window.

Detailed instructions for hand scoring are available on the Internal Assessment Resource Page or on the Pearson Support Page under resources, Quick Reference Guides.

<https://pgcps.mdassessments.com/resources/training-resources/Hand%20Scoring%20Constructed%20Response%20Items.pdf>

Hand scoring needs to be completed by the dates and deadlines provided by the PGCPs Department of Testing.

## Directions for Testing using TestNav

SAY

Today, you will be taking the Math Benchmark #2 for \_\_\_\_\_ [Grade 03/Grade 04/Grade 05/Accelerated Math 1 (*select appropriate grade*)] You will be opening the TestNav app on your computer now. Please click the button labeled student portal on the left side of the TestNav menu. Next select the Prince George's County Public Schools from the drop-down menu and click continue. On the next screen, please click on the light blue button labeled PGCPS.

*Allow students time to follow these steps.*

SAY

Does anyone have any questions?

SAY

Remember, read all directions and questions very carefully and choose the best answer for each question. If you are not sure about an answer, do the best you can, but don't spend too much time on any one question. This test includes one section that you will complete during this testing session. Once you submit the section you will not be able to return to this section.

Please remember that, during the testing session, you may not talk to anyone and you may not have any assistance with this assessment. You may use a blank piece of paper as scrap paper if you would like.

Are there any questions?

*Pause to see if students have questions.*

SAY

You will have \_\_\_\_\_ minutes to complete the test.

*(45 minutes for Grades 3, 4 and 5; 60-75 minutes for Accelerated Math 1 - Test Administrator should only state the minutes allowed for the test they are administering.)*

*If you need to remain on Google Classroom/Meet, Zoom or Hapara for student accommodations, please disregard this next step.*

SAY

To ensure your ability to complete the online Benchmark #2 test we will now exit our Google Classroom/Meet or Zoom. If you encounter any problems testing, please contact me via (*Test Administrator should identify method of communication for students to contact the Test Administrator*).

*Pause for any last minute questions*

SAY

When you sign in please select the test labeled \_\_\_\_\_. [Grade 03 Math/ Grade 04 Math/ Grade 05 Math/Accelerated Math 1 (*insert appropriate test name*)] You may now sign off Google Classroom/Meet or Zoom. Do Your Best!
